

Admissions information for High School and Middle School students at SJCC

Due to budget restrictions and limited class sections, the following will be in effect starting Summer 2011:

New and returning students:

- Incoming 11th and 12th graders will be admitted to attend class at SJCC.
- Students will be allowed to take just one (1) class per term (summer session, fall semester and spring semester).
- 9th and 10th graders will only be admitted IF they are attending a class that is held on their High School campus.

Continuing students (all grade levels):

- Will be allowed to take just one (1) class per term (Summer session, Fall semester and Spring semester).
- Students are considered to be continuing if they have attended the last two consecutive terms prior to the term they are registering for. *Example:* students wishing to take classes in Summer 2011 must have taken and completed class(s) in Fall 2010 and Spring 2011.

All High School and Middle School students must still follow policy and procedures for R-40 and R-42 students respectively. [Click here](#) for more information
