CIP Program description:

The degree programs require a minimum of 60 unites, of which at least 35 units must be in a selected CIS major, a physical education course of 1 unit, and at least 24 units must be General Education units. Several levels of certificates are available in each of the six areas. The certificate programs can be completed without the General Education requirements.

The Network Administration Program is designed to provide students with the necessary skills to gain employment as a network administrator. Most business computers are being connected in networks. The industry needs skilled people to configure, troubleshoot, and maintain these networks. The Network Administration Program is designed to train students to fill these needs. Five certificates and three Associates in Science Degree specializing in General Networking, MCSE Windows, CISCO-CCNA, and UNIX are offered.
