CIP Program description:

Graduates of the Associate of Science Degree Program qualify Graduates of the Associate in Science Degree Program qualify through academic preparation and field experience for work in child centers, pre-schools, day care facilities, infant and toddler centers and other programs serving young children. They are able to use instructional techniques, which promote intellectual, social, emotional, physical, and creative growth in children.

After completing the Associate of Science degree, students will be eligible for the Teacher Level of the State of California Children's Center Permit, and qualify for employment as teachers or site supervisors in government and privately funded early care and education programs.

Learning Objectives/Outcomes:

Upon completion of the Associate of Science Degree in Early Childhood Education, students will be prepared to:

1. Analyze current requirements and standards for early child-hood educators and early care and education programs.
2. Design daily schedules and classroom interactions with chil-dren consistent with current knowledge of child development.
3. Document and assess the needs of individual children in early care and education settings
4. Plan and implement classroom based activities consistent with a developmentally appropriate curriculum
5. Communicate effectively with children, parents and cowork-ers verbally and in writing
6. Demonstrate knowledge of professional and ethical stan-dards required to function successfully in early care and education programs.

A grade of 'C' or better is required in all ECE major, certificate and major elective courses.
