The Media Arts program is a unique, interdisciplinary approach to the converging fields of journalism, communication and new media technology. It responds to the need for people skilled in effective communications in all levels of society including industry, education, art and music, and the public arena.

The Certificate of Achievement level 1 provides a core foundation of coursework for further study, and emphasizes the integration of visual literacy, communication media and technology, and critical thinking. The certificate can also offer a level of competency in communications media for those who are pursuing other fields of study, or for those in the workplace who need communications skills training to perform their job function or to assume additional job responsibilities.
