Work Experience

The Work Experience Program allows working students the opportunity to earn college credit for the time and effort that they spend at work to improve their job skills and job performance. Students will soon learn that setting goals and writing job-related learning objectives can link what they learn in the classroom to what they learn at work. In the Work Experience Program, no classroom time is required. Your workplace is your classroom.

General Work Experience

- General Work Experience is repeatable to a maximum of six (6) units.

- Students must work 4 hours weekly of volunteer employment for each unit of credit.
- Program Details - <http://sjcc.edu/Acad/Special/we.html>
