

**San José City College**  
**Certificate of Achievement - Child Development Permit**  
**2016-2017 New for FALL 2016**

---

**EARLY CHILDHOOD EDUCATION**

---

San José City College offers an Associate in Science (AS), Associate in Science for Transfer (AS-T) and various Certificates of Achievement in Early Childhood Education (ECE). The three teacher focused certificates are aligned with the Child Development Permit (CDP) Matrix created by the California Department of Education. Per California Department of Education and Department of Justice, students will need to have TB clearance and fingerprinting to complete the Certificate of Achievement – Level 2 and Level 3. A grade of “C” or better is required in all ECE major, certificate and major elective courses. Students planning to transfer to a 4-year university should follow the AS-T degree.

1. The Associate Teacher Certificate of Achievement – Level 1 (12 units), aligns with the Child Development Associate Teacher permit. This is an entry level certificate, which allows students to provide service in the care, development, and instruction of children in a child care and development program, and supervise a CDP Assistant, and an aide. The courses included in this certificate can also be applied to Community Care Licensing requirements.
  2. The Teacher Certificate of Achievement – Level 2 (24 units) fulfills the ECE requirements for the Child Development Teacher permit. To qualify for the Child Development Teacher permit issued by the California Department of Education, students will also need an additional \*16 units from approved General Education (GE) courses. The Child Development Teacher permit authorizes the holder to provide service in the care, development, and instruction of children in a child care and development program, and supervise a CDP Associate Teacher, a CDP Assistant, and an aide.
  3. The Master Teacher Certificate of Achievement – Level 3 (32 units) fulfills the ECE requirements for the Child Development Master Teacher permit. To qualify for the Master Teacher permit issued by the California Department of Education, students will also need an additional \*16 units from approved GE courses. The Child Development Master Teacher permit authorizes the holder to provide service in the care, development and instruction of children in a child care and development program, and supervise teachers, teacher associates, assistants and aides. The permit also authorizes the holder to serve as a coordinator of curriculum and staff development.
- \* One course in each of four general education categories, which are degree applicable: English/Language Arts; Math or Science; Social Sciences; Humanities and/or Fine Arts.

Students interested in pursuing the Child Development Program Director permit should meet with SJCC’s ECE Program Coordinator for more information regarding requirements.

## ***Early Childhood Education: Master Teacher continued***

---

Upon successful completion of this program, students will be able to:

1. Observe and assess children's development from birth through adolescence using different tools.
2. Reflect on and critically assess one's own teaching experiences in the classroom to inform practice and improve skills in working with children.
3. Plan, prepare, carry out, and assess early childhood settings, curriculum, and teaching strategies utilizing indicators of quality early childhood practice that support all children, and their families, including those with diverse characteristics.
4. Describe the role of a mentor teacher in leadership and advocacy in the field of early childhood education.
