 - B. SJCC New Course Proposals (*requires Board approval*)
 1. **DANCE 030: Dance Improvisation – 1.5 Units**
Students will be introduced to the principles and practice of dance improvisation. The course will cover concepts of space, time, energy, rhythm, form, phrasing, style, and environment in relation to movement improvisation. Students will explore dance improvisation as a way to further one's own movement development and creativity. Students will work in pairs or in small groups to explore contact improvisation. Students may be required to attend a live performance.
 2. **ETEC 110: Energy Master Planning for Commercial Facilities – 2.0 Units**
Students will learn about and apply advanced methods of energy master planning for commercial and institutional facilities for increased user comfort, lower operating costs, and climate resiliency. They will learn how to develop metrics in support of energy master planning and design investments. Integration of renewable energy and high performance solutions will be covered as well as related subject areas of efficient water use and waste reduction strategies. Students will receive training in performing energy master planning audits for facilities and prepare an energy systems retrofit proposal.

3. KIN 010: Sport in Society – 3.0 Units

Students will examine cultural, historical, and political influences and problems of sport. Topics include: ethics, gender participation, race and ethnicity, and influence and impact of media on sport.

4. KIN 095: Life Skills for Athletes – 3.0 Units

Athletes acquire life skills to manage academics, athletics, and work. Topics will include: time management, academics, study skills, personal hygiene, health, nutrition, and conduct. Athletes will attend a variety of college workshops.
