B. SJCC New Course Proposals (requires Board approval)

1. GUIDE 050A: First Year Experience College Success—2 Units
   Students will acquire the critical skills necessary to be successful in college. Students will identify personal strengths and weakness by examining and identifying barriers and learning how to identify and overcome them. Topics will include college policies, procedures, identifying programs and academic resources and student services on campus. They will develop critical thinking, study skills and gain awareness of learning styles. Students will increase awareness of cultural diversity on campus and the community.

2. GUIDE 050B: First Year Experience-Careers—2 Units
   Students will explore careers and the current labor market. They will examine academic majors related to careers and will analyze their interests, values, and skill sets to help them in career selection. Students will complete self-assessments as part of their career planning and decision making.

VI. ADJOURNMENT
