

COMPUTER INFORMATION SYSTEMS

GENERAL NETWORKING

UNIX NETWORKS

The department of Computer Information Systems (CIS) offers certificates in three major areas: Computer Programming, **Network Administration** and Web Developer. See the respective major sheets for additional information about the specific certificates and degrees. A grade of “C” or better is required in all certificate, major and major elective courses.

The CIS Network Administration certificate and degree programs are designed to provide students with the necessary skills to gain employment as a network administrator. Most business computers are being connected in networks. The industry needs skilled people to configure, troubleshoot, and maintain these networks. The Network Administration Program is designed to train students to fill these needs.

Upon completion of the program, students will be able to:

- Recognize the components that constitute a computer information system. Identify various hardware, software, data, computer number systems, and procedures.
- Demonstrate understanding of the impact and application of computers in business, government, and social organizations. Students solve common business problems with computer applications and the internet.
- Receive and process written and oral technology related information. Students Interpret technology communication concepts including wired and wireless networks, servers and clients, users interfaces, operating systems, applications, utilities, and programming languages.
- Recognize the influence of the Internet on business and terms relating to the World Wide Web. Students perform the fundamental functions that operating systems and applications software provides. Students demonstrate skills in word processing, spreadsheets, presentation graphics, and use of Internet. Students will recognize a programming language and demonstrate steps involved in developing an application.
- Demonstrate the ability to work and interact effectively in teams consisting of individuals with differing interests, gender, global backgrounds and professions.
- Demonstrates ability to exercise professional, ethical responsibility in the use of technology in society.

UNIX Networks CERTIFICATE REQUIREMENTS:

<u>CERTIFICATE OF ACHIEVEMENT - Level 1:</u> CIS UNIX Networks			<u>UNITS</u>
CIS	014A	Internet Principles and Protocols	3
CIS	062A	Introduction to PC Hardware and Diagnostics	2
CIS	157	Introduction to UNIX/LINUX	3
CIS	158	UNIX System Administration	3
Non-duplicated units from approved major electives			<u>3</u>
<u>Approved Major Electives- 3.0 units non-duplicated:</u>			
CIS 014A, 017A, 017B, 017C, 017D, 017E, 018A, 018B, 018C, 018D, 020, 020A, 022, 023, 023A, 024A, 024B, 024C, 036, 041, 047, 054, 055, 059, 060, 062A, 062B, 062C, 068, 073, 084, 098, 157, 158			
TOTAL REQUIRED UNITS			14

General Networking CERTIFICATE/DEGREE REQUIREMENTS:

<u>CERTIFICATE OF ACHIEVEMENT - Level 1:</u> CIS General Networking			<u>UNITS</u>
CIS	014A	Internet Principles and Protocols	3
CIS	017A	Windows	3
CIS	017B	Windows Server	3
CIS	018A	CISCO Network Fundamentals	3
CIS	157	Introduction to UNIX/LINUX	<u>3</u>
TOTAL REQUIRED UNITS			15
