GESLO Assessment

This semester (Spring 2017) the College (SLOAC) will be assessing

GE SLO #5: Technology, Students will utilize technology for informational, academic, personal and professional integrity.

If possible, please assess your PSLO and CSLO that align with Technology.

Past Reports:

GESLOs results and the list of GESLOs can be found at www.sjcc.edu/faculty-staff/student-learning-outcomes.

CSLO reports by divisions can be found at www.sjcc.edu/faculty-staff/student-learning-outcomes.

CurriCUnet:

SLOAC is exploring the adoption of CurriCUnet as the future SLO reports repository. A recommendation will be made to Academic Senate.

Did you know that …

**English Department**- In Fall 2016 English 335 assessed approximately 137 students turned in portfolio. A total of 19 student didn’t pass and only 9 students went to a 3rd reader for assessment. The overall Success Rate for this SLO assessment was 86%.

Is your department also assessing SLOs through the portfolio tool? Meet with the English faculty to see what are best practices and strategies that were successful for them.

**Communications Department**- Every semester, we put a “spotlight” on one course and examine the CLSO in depth. We ask instructors and students for portfolios of assignment sheets, rubrics, and student work. Spring 2017 the spotlight is on Coms 35 Intercultural Communication. We have received detailed information on this course from faculty and students. The CSLO for this course was #4 Demonstrate social and global responsibility in the context of intercultural communication and community engagement. This course has excelled at the CLSO and met the standard at a very high level. Fall 2017 and Spring 2018 – Coms 40 Introduction to Argumentation. The CSLOs, PLLOs and GE-LOs to be examined will be Communication and Critical Thinking.

Is your department interested in discussing the rubrics used? Contact Leslyn, Shelley, or Christopher.

**CCSSE at SJCC**

**What is the CCSSE?**

The Community College Survey of Student Engagement (CCSSE), a product and service of the Center for Community College Student Engagement, is a well-established tool that helps institutions focus on good educational practice and identify areas in which they can improve their programs and services for students.

Administered during the spring to mostly returning students, CCSSE asks about institutional practices and student behaviors that are highly correlated with student learning and retention. CCSSE serves as a complementary piece to the **Survey of Entering Student Engagement (SENSE)**, with a more broad focus on the student experience.

**When?**

The CCSSE was administered in Spring 2016.

**SLOAC and CCSSE Results?**

The SLOAC members reviewed the data from the 2016 Frequency Distributions. They summarized the questions identified that align with GE SLOs #3 (Global Awareness), #4 (Personal Responsibility, Ethics, Civility), #5 (Technology), and #6 (Aesthetics and Creativity). GE SLO Update

San Jose City College employees present at the March 31, 2017 Professional Development Day participated in the assessment of the Technology GESLO. Ninety-eight faculty and four staff members participated. The “Yes” totals are the sum of All the Time, Often, and Sometimes responses. The “No” totals are the sum of Rarely and Never responses. Below are the results.

ACCJC College Recommendation 3

The SLOAC team members have been visiting meetings to share with the college what are some of the efforts that address this recommendation. SLOAC team members attended coordinators, Deans’, Academic Senate and Counseling meetings throughout the semester, as well as division and department meetings during the March 31, 2017 Professional Development Day.

All division meeting agendas include time for departments to share out SLO assessment results, successes, and concerns.

Save the division and department agendas and meeting notes as evidence.
